cently and the snow in d so deep stock is of all varieties and plenty to hat he was forced to run a snow- body all demands stough ahead of his nowerful autobefore he could leave the ranch on the and home like. Entertainments his way to Tonopab. After reaching the Trequest and well patronized the main road there was no trouble. The M. Ca. have a ministrel company pretty well. Among the passengers in the Nay car was Miss. Williams, a Kansas girl, only 16 years of age, if or hove with them. The show was who is teaching school at Belmont 1 13 good and no doubt t a quite a and who has won the hearts of the treat to the boys out in the camps to parents a that section. The consen. sus of opinion a that Miss Williams, JAMES M. FENWICK OPENS in spite of her youth, is the smartest teacher ever seen in northern Nye

As a result of the prolonged winer season and the continued extreme cold stockmen are growing alarmed over the prospects of their stock pulling through the winter The steady cold chills the cattle which stand still without ambitton o eat or rustle around to keep the blood in circulation so they slowly freeze and die in their tracks. Beef growers in the Smoky, Monitor, San Autone and the mills adjacent to the Reese River are anxions for the storm period to pass that they may begin the spring round-up us early as possible to save any stock that may be found in a weakened condiion. Unless there is some material change a serious loss is anticipated

POLAND RECOGNIZED

By Associated Press) BERNE, March 12—The Swiss government today decided to recognize the Polish Czecho-Slovak states.

Give it a Chance

There are only two places in your whole

car that need water. One is the radiator.

The other is the battery. If you forget your radiator you'll hear from it right away.

If you forget your battery, it keeps on working for a while, but it is damaged just as surely as your engine would be if you let the radiator go dry.

Give your battery a chance to make good by having us add distilled water every week or so, and test each cell with the Hydrometer to make sure that you are keeping up the charge.

We test, repair and recharge storage batteries, and always carry a full supply of battery parts, new batteries and rental batteries.
